Detail-oriented professional with experience in SaaS, skilled in stakeholder management and process optimization, with proven collaboration alongside product and engineering teams in Agile environments.

EXPERIENCE

CareStack, Resolution Specialist

Dec 2024 - Present

- Collaborated with engineering and product teams to analyze customer-reported issues, identifying patterns and providing actionable feedback for product improvements.
- Developed an automated Summary Dashboard (Jira API, JS, HTML) that reduced weekly data validation time by over 60%, providing instant visibility into total ticket counts and type-wise splits.
- Implemented a Jira Ticket Tracker automation (SQL, Apps Script, GSheets) that enhanced ticket resolution efficiency by 25%, optimizing support operations.
- Delivered multi-channel support via calls, chats, and emails, resolving 90% of issues on first contact while managing 10+ tickets per day.
- Contributed to building a shared SQL query repository by collecting and organizing frequently used queries, enabling support agents to retrieve data quickly from the internal SQL server.

Federal Bank Ltd., Associate

Oct 2023 - Sep 2024

- Collected and analyzed customer data to identify opportunities for deposit growth, contributing to regional campaign success.
- Coordinated with multiple departments to ensure seamless onboarding and account operations for corporate clients.
- Built strong communication and stakeholder management skills by handling diverse client needs in a high-volume environment.
